How do I make a payment for my subscription?

How do I make a payment for my subscription?

If you are starting a new subscription, you can pay using any major credit card at the time of order. You can also choose to be billed; in which case your bill will arrive shortly after delivery begins. After initial payment, subscribers will receive two renewal notices by mail. The first notice mailed 30 days before expiration and the second mailed one day after expiration. If you don't pay, delivery will continue and your carrier will pursue payment. E-edition subscriptions stop at expiration.

Renewal payments can be made online in the Subscriber Services Center, by calling News & Observer customer service, or by mail to:
